

Here's How You Can Easily Make More Money in a Single Month Than Most People Make In a Whole Year... Take it OR Leave it!

"Proven marketing methods, secret cash generating strategies, millions of customers, and guaranteed profits... what more could anyone want?"

Dear Friend,

Before you spend a single penny on some potentially useless online business formula, you should read this special report.

If you've been looking for ways to make money online, you'll probably agree that there's just so much hype about making money on the Internet, which makes it really, really difficult to know who to believe and who to trust.

Some claims are so wild, they are laughable. Especially if they say something like, "I make £30,000 a week for doing just 30 minutes work a day and all from my little kitchen table. You can too if you buy my book for just £19.97".

What rubbish! Absolute nonsense! You've seen and heard it all before, right? And so have we.

Here at xxx xxxxxxx, we search, find and publish the **facts about making money online**. In recent months, we have purchased hundreds of "money making" products and put them to the test – only to find that they were all totally useless. We came to the conclusion that absolutely nobody could make money from them, except the people who were actually selling them.

Are we sceptical about making money online? Oh Yes! Are we cynical about all these crazy claims? Absolutely! Well, at least we used to be...

A strange thing happened while we were testing and scrutinizing all these "amazing products", "ultimate systems" and "secret cash formulas"...

We kept coming across a familiar name. It was the name of a well-known and highly respected Internet marketer. Well, nothing strange about that,

you might think. Except this man is a self-made multi-millionaire, better known for developing online software programs, and not "how to make money online" products.

Now, here he was talking about making money from, of all things... eBay!!!

When We Discovered What This Man Was Doing... We Gave Up Looking For Anything Else

During the past few months we kept uncovering all kinds of "schemes" describing how to make money on eBay, but to be honest we have always associated eBay with car boot sales. And who ever got rich from selling junk at car boot sales?

Now when a top Internet marketer tells us HE has made serious money from eBay, we had to listen up and take notice. We were eager to know more.

And what we discovered was staggering...we found out...

- How to buy a readymade website for around £25, improve its content, make the whole thing presentable and start **making £750 – £1,500 a month** from it.
- What software programs to look out for on eBay and why these will **always** make money.
- Why some affiliate websites for sale on eBay should be completely avoided as they will **never** make any money.
- We found out how to make tons of money buying and selling property on eBay. **This was a real eye-opener.**
- Thanks to this incredible Internet marketer, we found out how to increase sales on eBay by as much as **600%**.
- We now know how to get website businesses built for just a few pounds each and how to sell them on eBay for almost **instant profits.**
- We also found out how to use eBay to generate **huge amounts of traffic** to our websites and our products.

We found out so much about making money on eBay, that we've practically given up looking for anything else to review. Well, why bother

trying all the "pie-in-the-sky" business opportunities when you can easily make money on eBay? And who better to help you than one of the world's most successful Internet marketers...

Armand Morin

That's right! Armand Morin

The Expert Speaks Out About eBay

Now, if Armand Morin uses eBay to make serious money, then you should at least listen to how he does it. This man is a genius at making fortunes online. His very first online business project pulled in 4.2 million dollars in just 12 weeks. He now makes that much money each month!!!

Do you want to make easy money from a simple every day, easy to run, Internet business? Well, why wouldn't you? (Stupid question right?)

Of course you won't make as much as Armand Morin because he has literally hundreds of Internet businesses up and running. But if you just follow this man's advice you could very easily be making around 5, 10 or even £15,000 every month. Yes! Every month from your very own **Multiple Cash Generators.**

If you've never heard of Armand Morin just type his name into any search engine and you'll soon realise you are dealing with one of the top Internet entrepreneurs of our time. Until now, he was better known for developing user-friendly software programs, that still sell all over the Internet today.

Now, for the first time ever, he has been interviewed about how he makes money on eBay. He certainly kept that one quiet for a long time. Armand talks openly about how he uses eBay to crank out little money making machines! He talks about it like it's some kind of weekend hobby. You've just got to hear it to believe it.

During his interview he explains exactly how he buys cheap, poorly executed, or poorly marketed websites and "flips" them quickly on eBay. But he also keeps many of them and turns them into hands-free cash generating machines. You don't need to be a genius to do this... anyone can do it.

Here's The Proof...

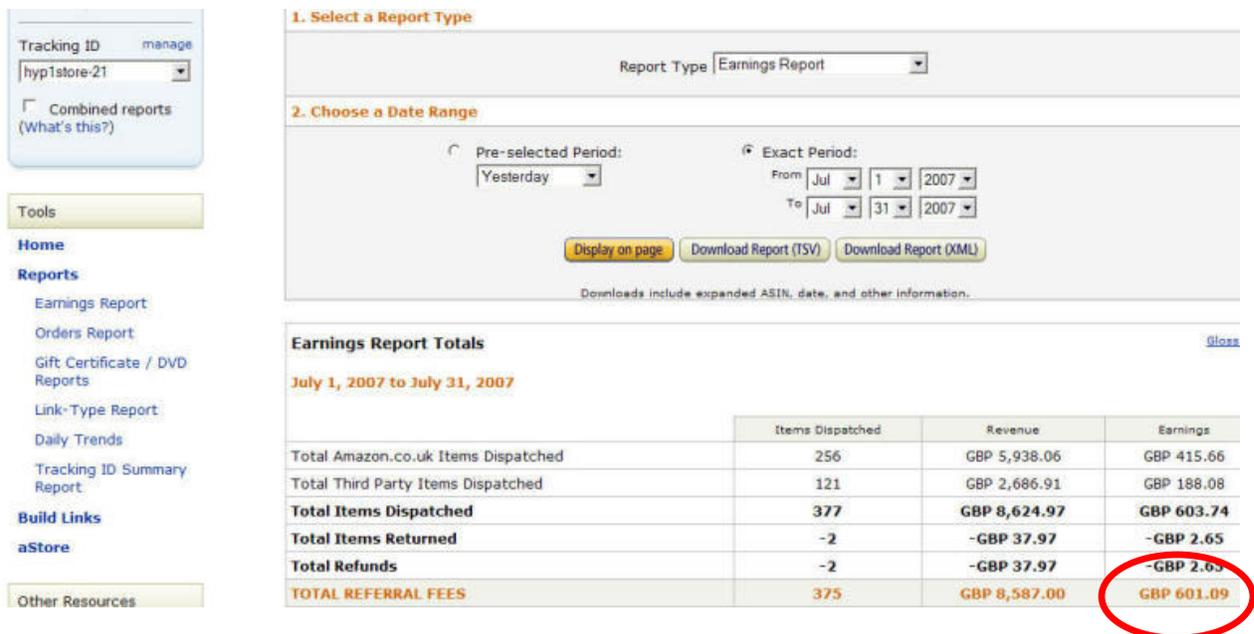

In fact we started to do it just to prove it could be done. That's why we can afford to guarantee that it really does work. Just look at this...

Using Armand's advice we went to eBay the very same day and found a website to buy. We bought it, had a few changes made (by someone else and for free) and within a couple of days we had our first website up and running.

Armand proved that the key to making money online is not finding that one elusive spectacularly successful site that makes millions. The real secret is doing something very simple that makes just a few hundred pounds a month, without taking up any of your time to run it. Then you set up another one...and another...and another... That is how you can quickly build a substantial income and its all on autopilot.

Forget trying to find that one superstar million pound website. Even if it were out there, every man and his dog would be competing with you to get hold of it. No, forget that completely. Instead look in the other direction. Look at the websites that everyone else passes by. If it only makes £500 a month, who would want that? Well we do actually, you and me, once we know Armand's secret!

Here are the monthly earnings from our very first website:

The screenshot shows the Amazon Seller Central interface. On the left is a navigation menu with sections like 'Tools', 'Home', 'Reports', and 'Build Links'. The main content area is titled '1. Select a Report Type' and '2. Choose a Date Range'. The 'Report Type' is set to 'Earnings Report' and the date range is 'July 1, 2007 to July 31, 2007'. Below this is a table titled 'Earnings Report Totals' for the period 'July 1, 2007 to July 31, 2007'. The table has four columns: 'Items Dispatched', 'Revenue', and 'Earnings'. The 'TOTAL REFERRAL FEES' row is circled in red, showing a total earnings of GBP 601.09.

	Items Dispatched	Revenue	Earnings
Total Amazon.co.uk Items Dispatched	256	GBP 5,938.06	GBP 415.66
Total Third Party Items Dispatched	121	GBP 2,686.91	GBP 188.08
Total Items Dispatched	377	GBP 8,624.97	GBP 603.74
Total Items Returned	-2	-GBP 37.97	-GBP 2.65
Total Refunds	-2	-GBP 37.97	-GBP 2.65
TOTAL REFERRAL FEES	375	GBP 8,587.00	GBP 601.09

£600 a month. Please also remember that there is a cost to promote these sites. Other people like to overlook these costs, but we'll tell you the whole story. Each of our sites costs an average of between £6 and £7 per day to run. So in real bankable earnings this site was producing £400 per month.

Not a fortune, but a start. Especially when it only cost peanuts to buy. When you buy a conventional business you typically have to pay 5 to 8 years worth of earnings to buy it. With these website businesses you pay less than one months earnings. Much much less than one months earning! It's crazy, but true.

So We Bought Another One...

Here are the earnings from the second site we purchased, in exactly the same way as the first:

The screenshot shows the Amazon Associates reporting interface. On the left is a navigation menu with options like 'Tracking ID', 'Tools', 'Home', 'Reports', 'Build Links', and 'aStore'. The main content area is titled 'Earnings Report' and includes a date range selector set to 'July 1, 2007 to July 31, 2007'. Below this is a table of earnings data.

	Items Dispatched	Revenue	Earnings
Total Amazon.co.uk Items Dispatched	21	GBP 5,262.93	GBP 368.40
Total Third Party Items Dispatched	28	GBP 7,961.49	GBP 557.30
Total Items Dispatched	49	GBP 13,224.42	GBP 925.70
Total Items Returned	-0	-GBP 0.00	-GBP 0.00
Total Refunds	-0	-GBP 0.00	-GBP 0.00
TOTAL REFERRAL FEES	49	GBP 13,224.42	GBP 925.70

£900 a month, less the promotional cost gives real income of £700.

And Another...

Here's the next one we bought:

Actually this one has earnings from several sources, this clip just shows the software sales income. Altogether though another £600 per month.

We have bought several more too and continue to buy them. Everyone costing less to buy than one months income!

Do you see how it starts to add up? Armand has several hundred websites, so imagine what his monthly income looks like. But it all starts with taking the first step – identifying and buying the first one.

You could have 10 of these up and running very realistically within 4-6 weeks. Now ten lots of £500 per month or so starts to get more interesting doesn't it? That's £5,000 a month or £60,000 a year. Armand has hundreds of websites and is making a fortune. So how many do you want?

The screenshot shows the ClickBank account interface for 'gloom1'. It includes a 'Welcome to ClickBank!' message and a section for 'Payperiod Sales Subtotals'. A table lists sales for three periods: 2007-09-01 (\$213.85), 2007-08-16 (\$364.04), and 2007-08-01 (\$371.38). The sales figures are circled in red. Below this is a 'Daily Sales Subtotals' table listing sales for each day from August 9th to 23rd, with values ranging from \$0.00 to \$52.42.

Period Ending	Sales

But You Have to Buy the Right Ones!

When we onto eBay to buy our first one, we had literally thousands to choose from. So how do you spot the diamonds in the rough?

Armand spells it out, so you know exactly what to look for and equally important he tells you what to avoid.

Uncovered in this amazing 3 CD interview, are secrets that very few people in the world actually know about.

Surprisingly, many of the secrets revealed during these interviews with Armand are the exact opposite of the money-making ideas inside all the books and seminars on how to profit on eBay! We know because we've looked at them all.

The Only People Who Are Making Real Money on eBay Are Using the Secret Strategies That Very Few Others Know About.

How blind and utterly stupid we were to think of eBay as nothing more than an online car boot sale. Here's just some of what we discovered about eBay when we did our research properly...

- ✓ Firstly, selling on eBay requires no previous experience...
- ✓ There are no set up fees...
- ✓ Items can be listed for pennies...
- ✓ You can sell your items all over the world...
- ✓ You get paid before you ship anything...
- ✓ eBay has 78 million active users worldwide...
- ✓ There are over 1.3 million people making a living on eBay, and around 68,000 of them are living in the UK...
- ✓ You can advertise to over 233 million highly qualified buyers from 37 countries for as little as 10 pence a month...
- ✓ In 2006, £12 billion of trading went on within the eBay empire and that figure is steadily growing as around 80,000 new people sign up for accounts each day...
- ✓ But by far the most valuable and interesting statistic is that 90% of all eBay users... **are buyers...** making eBay the largest marketplace in the world...

So, how can **anyone** who is absolutely 100% **serious** about making money online **ignore** such a massive market, which holds such huge opportunities?

Did you read the report in *The Sun* newspaper recently, about a 23 year old from Cheshire turning over more than £6,000 per week? *The Daily Mail* wrote about a girl making £35,000 monthly and *The Sunday Times* featured a Lincolnshire man who made £125,000 last year selling fossils on eBay!

All the facts and figures associated with eBay are staggering, they're astonishing, they're mind-blowing and best of all they're **TRUE!**

But the very best part about all this is...

If you know the **secret strategies**, as revealed by Armand Morin, you can personally use them to make the easiest money you will ever make in your life. But, if you bought every single book that's ever been written about eBay you will still not learn the true secrets to making big profits.

And that's because... most of these "How to Sell on eBay" guides tell exactly the same old story. And the majority of people selling on eBay are all doing exactly the same thing. But the **only** people who are making **real money** on eBay are using the secret strategies that very few others know about.

Don't Be Fooled...This is So Powerful it Can Make You Seriously Rich

When you realise how easy it is to make a good living on eBay from just buying and reselling, you will hardly believe it. We didn't. So we tried it. We followed Armand Morin's advice and tried using some of his strategies. Obviously we wouldn't be telling you about this if it didn't work because we can now guarantee 100% that all of what you will learn from Armand Morin really does work.

Here's what we learned and this is what you will make money doing...

- **Buy and sell property on eBay without leaving home, and double your money every time... in as little as 7 days and without an estate agent or broker... and without a big bank balance or mortgage...**
- A simple technique to create and sell Internet businesses, even if you don't know the first thing about building websites...
- **How to make big profits with a digital product that practically everyone with a mobile phone desperately wants...**

● How to use a simple system to re-sell to your customers over and over again without paying any eBay fees...

● **How to buy highly profitable businesses on eBay for pennies...**

Little-known secrets like these, and the many others we haven't even mentioned, can give you a very unfair advantage over all of the other sellers on eBay.

In this all-revealing interview with Armand Morin you will learn more in the first hour than you could in weeks of reading so-called eBay guides and manuals. And if you ever thought you could never get a web business up, running and into profit then think again. Armand will explain how **you can buy a website business, make a few simple changes, then put it to work for you within a few hours.**

You don't even need to know anything about websites. Armand will explain everything you need to know to make a website profitable and it doesn't involve messing around with html coding or anything like that.

- ✓ You will discover the **right “tools”** you need to capture every potential customer who visits your auction.
- ✓ You will learn about the **simple formula** for creating original products of your own.
- ✓ You'll find out how to **spot hidden treasures** and re-sell them for big profits.
- ✓ You'll also find out about a **very cheap** way to get someone else to do all the work for you, while you just sit back and make most of the profits!

This truly is the “no effort” way to use eBay for your own product development.

With a marketplace as big and hungry as eBay, it's not surprising that so many people are able to make so much money with almost no effort!

And as Armand points out in his interview, most of the sellers on eBay are amateurs. They are not marketers, so it's easy for someone with a bit of marketing knowledge to just go into the same business, cut out the mistakes that are being made, then sit back and watch as all 'their' money comes flooding in to you!

This is a very simple ploy. But don't let its simplicity fool you. This is so powerful it can make you seriously rich.

Improve Your Lifestyle Now... Become Rich!

What we've discovered about eBay is that it's not just an online auction site any more. It's an online retail outlet. Thousands of businesses trade on eBay, including some top brand **High Street names**, and just about anyone can now open up an eBay shop.
